

SUMMARY

Flutter Mobile App Developer with 3+ years shipping production Android and iOS apps. 25+ published apps across client and self-owned products, from architecture through App Store and Play Store release. Skilled in Flutter, Dart, Firebase, Supabase, and REST APIs. Currently at Scarmatrix, Lahore. Open to new opportunities.

EXPERIENCE

- Mobile App Developer — Scarmatrix, Lahore

March 2025 – Present

 - Lead Flutter development for production Android and iOS client apps end-to-end, from architecture through store release.
 - Own features from UI implementation through App Store and Play Store submission and post-launch iteration.
 - Collaborate with clients on product scope, quality, and release readiness.
- Flutter Developer — BlueHorn Tech, Lahore

September 2023 – February 2025

 - Built and maintained cross-platform Flutter apps for Android and iOS.
 - Integrated Firebase, Supabase, REST APIs, and store distribution workflows.
 - Shipped client apps across social, lifestyle, commerce, and utility categories.
- Flutter Developer — Jotun Techs, Lahore

January 2022 – February 2023

 - Developed Flutter mobile applications with clean UI and reliable releases.
 - Contributed to Android and iOS delivery pipelines and production bug-fix support.
